Attainment of Programme outcomes and course outcomes are evaluated by the institution.

POLICY GUIDELINES FOR PROGRAMME LEARNING OUTCOMES ASSESSMENT

1. Introduction

The institution has stated its POs, PSOs and COs of all faculties. It makes sure that these outcomes are attained by the end of the academic year through a well-designed process of evaluation. In the beginning of the academic year, the IQAC prepares an academic calendar which is strictly followed by the institution to conduct curricular, co-curricular, extra-curricular activities and continuous internal evaluation of the students. Apart from this, different committees are also formed under the guidance of the head of the institution for smooth performance of the institution. Each committee plans and implements its academic activities during the entire academic year. Also the review of the concerned committees is taken by the Principal in the meeting. In respect to teaching-learning process, teachers use various innovative teaching methodologies such as experiential learning, participative learning, problem solving, survey method etc. After the completion of the teaching-learning process, attainment of all POs, PSOs and COs is evaluated. As a result, all POs, PSOs and COs are attained and evaluated by the institution.

2. Objectives

- i. To measure attainment of POs and Cos of all programs
- ii. To improve teaching-learning process through measurement of outcomes
- iii. To create quality culture in the institute

3. Assessment Method

The learning outcomes attainment is calculated by using the direct and indirect method.

A. Direct method:-

The Attainment of course outcome is calculated by using the following formula; Attainment of Course at UG and PG level: Attainment of Course = 80% (Attainment level in university examination) + 20% (Attainment level in internal examination)

B. Indirect method:-

- **Student Progression:** Higher progression data of students is collected
- **Placements:** Placement data is collected from the office.
