Analysis of Teacher Feedback
2014-2015

Teacher has the important role to play in the education system and hence their feedback is equally important. A questionnaire of eleven descriptive questions along with suggestions has been prepared and circulated among the teachers to know their views regarding these questions. The data is collected and analysed. The findings of these feedbacks are mentioned as below:

Findings

- 1) Overall syllabus of the programs is quite satisfactory with some suggestions.
- 2) Teaching methods used are chalk-blackboard with charts and models sometimes use of ICT is also adapted.
- 3) Evaluation methods involve questioning, tests, and seminars.
- 4) Communication with parents of students through parent meets.

Action taken

Although there are no much adverse issues raised by the teachers in their feedbacks but still the institute has decided to implement and execute the theory and practical completion, student teacher interaction, use of ICT more effectively and efficiently.
